PAULESI Graduate
MAY 2021

Pan African University

Vision

The aim of Pan African University is to develop institutions of excellence in science, technology, innovation, social sciences and governance, which would constitute the bedrock for an Africa pool of higher education and research.

Mission and Scope of PAU

To realize the strategic vision, six missions have been assigned to the PAU:

- Develop continental-wide and world-class graduate and post-graduate programmes in science, technology, innovation, human and social sciences
- Stimulate collaborative, internationally competitive, cutting-edge fundamental and development oriented research, in areas having a direct bearing on the technical, economic and social development of Africa
- Enhance the mobility of students, lecturers, researchers and administrative staff between African universities to improve on teaching, leadership, and collaborative research
- Contribute to the capacity building of present and future Africa Union stakeholders
- Enhance the attractiveness of African higher education and research institutions for effective development and retention of young African talent, while attracting the best intellectual capital from across the globe, including the African diaspora
- Invigorate dynamic and productive partnership with public and private sectors

Pan African University/Universite Pan Africaine

The advent of the African Union in 2000 as by product of the defunct Organization of African Unity witnessed a rethinking of Africa's development agenda and strategy, focusing more on the acceleration of the continent's political and economic integration. At the center of new continental priorities is the promotion of research in all fields, in particular science and technology. The Assembly of Heads of State and Government of the African Union therefore made a decision to establish the Pan African University (PAU) in 2010, and on 14 December 2011, the AUC launched PAU as a flagship continental initiative. The University's Statute was adopted by the Assembly in January 2013.

The PAU was inspired and driven by major policy frameworks of the AUC, including the vision of the African Union, the Second Decade of Education, and the Consolidated Plan of Action for Science and Technology. Within the same policy frameworks, PAU is embedded as a major instrument of the implementation of Agenda 2063, the Science, Technology innovation Strategy for Africa (STISA 2024), the Plan of Action for the Second Decade of Education for Africa which will give way to the African Continental Education Strategy; as well as the African Common Position on post 2015 Sustainable Development Goals.

Mission of the PAU

PAU has the mission to strengthen African Higher education and research, address quality, intra-African collaboration, innovation and links with industry and social sector. PAU is also a response to the quest to produce a critical mass of high quality intellectual capital for Africa, and make African higher education and research attractive, globally competitive, and locally relevant, as well as serve as a model for quality education. PAU is a new generation university constituted from educational and research structures already in operation undelay with the idea of establishing world-class research institutes to provide quality education and research, attract leadership and talent, and promote international cooperation. PAU uses a network of such existing structures of five flagship institutes in critical academic areas addressing Africa's cross-cutting developmental issues, challenges and opportunities, mainly in Governance, regional integration water energy, science and technology, health, agriculture, etc.

PAU Structure and Governance

PAU operates under the direction of the AUC Department of Human Resources, Science and Technology, as one managed by a singular Rectorate, with a Senate supervised by a council. The University focuses on five thematic areas, namely: Basic Sciences, Technology and innovation; Life and Earth Sciences (including Health and Agriculture), Governance, Humanities and Social Sciences; Energy and Water Sciences (including Climate Change); and Space Sciences. The thematic areas are assigned to institute hosted by existing Universities of excellence across Africa's five geographic regions as follows:

1. The Institute for Basic Sciences, Technology and Innovation (PAUSTI), hosted by the Jomo Kenyatta University of Agriculture and technology in Kenya (Eastern Africa)
2. The Institute for Life and Earth Sciences (including Health and Agriculture (PAULESI), hosted by the University of Ibadan in Nigeria (Western Africa)
3. The Institute for Governance, Humanities and Social Science (PAUGHSS), hosted by the University of Yaounde II in Cameroon (Central Africa)
4. The Institute for Water and Energy Sciences (including Climate Change (PAUWES) hosted by the University of Tiemcen in Algeria (Northern Africa)
5. The Institute for Space Sciences (PAUSS) to be hosted by a University in the republic of South Africa (Souther Africa)

Each PAU institute is headed by a Director, Staff of PAU Institutes include academic and administrative staff, who work within Departments and other units related to teaching, research extension activities and administration. Each of the related Institute has a Board which is responsible for the supervision of the academic, administrative, and financial management of the institute.

Administration requirements to Masters of Science programs

An applicant should satisfy any of the following requirements:

- i. Hold a minimum of Upper Second Class Honours of a Bachelors degree in the relevant field from a recognized University.
- ii. Any other qualification considered to be equivalent to (i) by the PAU Institute.

Duration

For regular students, the Master of Science course shall extend over a period of twenty-four (24) months. The Doctor of Philosophy course shall extend over a period of thirty-six (36) months.

Structure

The Master of Science shall be done by course work, examination and thesis. A candidate shall take mandatory core course units and elective course units, as well as participate in seminars and internships if required in the curriculum. Except for the science courses, the second year of study shall be devoted to carrying out research, participating in seminars, and presentation of thesis.

General Regulation and Policies

Rules and regulation which apply to all PAU students include student discipline, examination regulations, extenuating circumstances, academic appeals and health and safety policy. Queries relating to the general regulations and procedures affecting students should be directed to the Academic Support Office. Students are expected to display courteous behaviours and discipline at all times.

Matriculation and Orientation

All new students will be required to officially register at specific PAU Institute as part of a mandatory orientation program. A schedule of matriculation and orientation, outlining various activities, will be issued to each student at the time of

registration.

Students admitted to various programs at PAU will also be register in each academic year of study at the beginning of the semester. Any Student who fails to register will be considered to have withdrawn. Such a student will lose all privileges including the scholarship. It is the responsibility of the student to confirm the exact dates for registration during each year.

Foreward

This yearbook comprises of photo album of top management, sponsors and the graduands of the fifth set of Ph. D students and sixth set of MSc. students at the Pan African University Institute for Life and Earth Sciences (including Health and Agriculture). A total of fourteen Ph. D students and forty seven master's students graduated on 26h May 2021 in a virtual ceremony, due to the COVID- 19 pandemic.

A total of sixty-one students graduated from the ten programmes offered at PAULESI. Of the forty-seven master's students, there are seven students from Environmental Management, eight each from the Geosciences and Reproductive Health, three from Medicinal Plant Research and Drug Development, five from Plant Breeding, six from Sport Management and Policy Development and ten from Veterinary Medicine Programme. Of the fourteen Doctor of Philosophy candidates, five students are from Environmental Management, three from Plant Breeding, one from Reproductive Sciences, and five from Geosciences programme.

A total of twenty-two students hail from the host country, Nigeria, five from Ghana, four each from Benin and Ethiopia, three from Rwanda, two each from, Malawi, Uganda, Eritrea, Somalia, and Kenya, and one each from Chad, Angola, Burundi, Togo, Egypt, Somaliland and The Gambia.

Across the sixty-one graduating students, there are twenty-five females and thirty-six males. There are five female Ph.D graduands and twenty female MSc. graduands. There are nine male Ph.D graduands and twenty-seven male MSc. graduands.

These graduating students have worked tirelessly to excel and achieve this feat in their career and we are so delighted with their achievements. They have also been found worthy in character and learning and PAULESI is so proud of them. For some of these graduands, it was the first time they were stepping out of the borders of their home countries while for some, it was the first time experience of being out of the reach of parental guidance and families. Bearing in mind the diverse culture

and traditions across the continent, we believe that the period they have spent in Nigeria studying was worth the while as they have also seized the opportunity to enhance integration and networking with one another making them a well-rounded person. We believe that all their fond memories will continue even after departure to their various countries and globally. We also believe that they will continue to relate with their colleagues via the PAU Alumni association.

The opportunity to study through the PAU has been made possible from the culmination of the decision of the Assembly of Heads of State and Governments of the African Union to create the Pan African University (EX.CL/579(XVII)), having an Institute located in each of the five regions of Africa, with each having a specific thematic mandate in Kampala, Uganda in 2009. It is hoped that the vision will continue to be supported by then African Union Commission, the host countries and partners so as skilled and knowledgeable in technical and scientific know-how, and to contribute to Africa's capacity building in human resources.

We share in the joy of the graduates and wish everyone of you greater heights in your career. It is our prayers that God will continue to shower His blessings on you. Remember to continue to nurture quality and exemplify excellence wherever you are.

We celebrate you!

THE GRADUANDS

Graduation Message to the Graduating Students of the Environmental Management Programme

On behalf of the entire faculty of the Environmental Programme of the Pan African University, Life and Earth Sciences Institute (Including Health and Agriculture), I am so happy to share in your graduation excitement as I am so proud of your achievements.

You have worked hard to achieve your goals and now you are on your way to seek new vistas, therefore, embrace life with passion and keep reaching for the stars. I am confident that there is no limit to what you can do if you keep believing in yourselves.

I hope you feel great about what you have accomplished, and that you will continue to be people who show up day in and day out for those things that are

worthwhile and important in life. This graduation will only be the first of many proud and successful moments for you and I cannot wait to see you occupying top managerial environmental positions at national, regional and global arenas.

Congratulations and well done. However, remember that whatever you do, never stop learning, exploring, growing and challenging yourself to be your best. You shall always walk the glory road. Happy Graduation.

Dr. O. J. TAIWO

Programme Coordinator

Graduation Message to the Graduating Students of the Geosciences Programme

On behalf of the staff of the Geology Department hosting the PAULESI Geosciences Programme, we heartily congratulate all our Graduating M.Sc and Ph.D Petroleum Geoscience and Mineral Exploration students.

It has been years of hard work, diligence and painstaking study. No doubt you have availed yourself very well, both academically and morally. We are very proud of you and we wish you well as you prepare to impact the world in your various countries with the knowledge acquired.

Congratulations!

Professor Olugbenga OKUNLOLA

Geosciences Programme Coordinator

MSc. MINERAL EXPLORATION

Graduation Message to the Graduating Students of the Medicinal Plant Research and Drug Development Programme

I heartily congratulate you for the well-deserved success in completing your MSc. programme in Medicinal Plant Research and Drug Development with honours. The department is very proud of your achievement. You have been well trained and equipped to bring positive changes to the African region in issues that relate to medicinal plants research and drug development. Please go ahead and be vanguards for PAULESI. Best wishes in your future adventure!

Professor Mubo A. SONIBARE

Programme Coordinator

MSc. MEDICINAL PLANT RESEARCH AND DRUG DEVELOPMENT

1. PERSONAL INFORMATION

Graduation Message to the Graduating Students of the Plant Breeding Programme

Hearty congratulations to our PAU-Plant breeding programme Graduants. I am sure you had a very exciting time and experiences during the course of learning and rudiments of plant breeding as a special field of Agriculture.

The skills the programme taught you is a foundation to grow and develop the future plant breeders in your Countries as well as Africa in general.

We in the Department of Crop and Horticulture Sciences (Formerly Agronomy) and the Pan African University Life and Earth Science Institute (including Health and Agriculture) PAULESI would be proud to follow your progressive contributions to the future development of humanity.

Once again, I say Congratulations.

Professor Julius Akinyemi FAGBAYIDE

Programme Coordinator

MSc. PLANT BREEDING

Graduation Message to the Graduating Students of the Reproductive Health Sciences Programme

ON behalf of the staff of department of Obstetrics and Gynaecology, the coordinating department for the Reproductive Health Science and Reproductive Biology programme of PAULESI, I congratulate our graduating students who have successfully completed their academic programmes.

It has been a great learning opportunity for us all interacting with these set of highly motivated students with diverse background from different parts of Africa.

I am particularly delighted at the number of PhD Graduands from our programmes. They will strengthen the research landscape in Reproductive Health in African. This is an indication

that the programmes of PAULESI are contributing immensely to Africa's development.

It is hoped that the experience gained by the graduands in their various programmes will help them tremendously as they advance in their chosen career.

Once again, Congratulation to you all.

Professor Adesina OLADOKUN

Programme Coordinator

Graduation Message to the Graduating Students of the Sport Management and Policy Development Programme

We at the Sport Management and Policy Development programme of Paulesi sincerely congratulate all our students and students from other programmes on this occasion. This hard earned success has come with a well-deserved prize. We trust that you are very proud of yourselves and confident in your ability to rise to your next challenge. We celebrate the dedication shown on the way to this achievement. I am very proud of you and congratulations once again.

Professor O. A. ADEGBESAN

Programme Coordinator

Pan African University

Life and Earth Sciences Institute
(Including Health and Agriculture)

2021 Order of Proceedings

Congregation for Admission to Higher Degrees (Master and Doctorate)

Pan African University

The aim of Pan African University is to develop institutions of excellence in science, technology, innovation, social sciences and governance, which would constitute the bedrock for an Africa pool of higher education and research

Scope of PAU

- Develop continental-wide and world-class graduate and post-graduate programmes in science, technology, innovation, human and social sciences
- Stimulate collaborative, internationally competitive, cutting-edge fundamental and development oriented research, in areas having a direct bearing on the technical, economic and social development of Africa
- Enhance the mobility of students, lecturers, researchers and administrative staff between African universities to improve on teaching, leadership, and collaborative research
- Contribute to the capacity building of present and future Africa Union stakeholders
- Enhance the attractiveness of African higher education and research institutions for effective development and retention of young African talent, while attracting the best intellectual capital from across the globe, including the African diaspora
- Invigorate dynamic and productive partnership with public and private sectors

African Union (AU) Anthem

Let us all unite and celebrate together
The victories won for our liberation
Let us dedicate ourselves to rise together
To defend our liberty and unity

O Sons and Daughters of Africa
Flesh of the Sun and Flesh of the Sky
Let us make Africa the Tree of life

Let us all unite and sing together
To uphold the bonds that frame our destiny
Let us dedicate ourselves to fight together
For lasting peace and justice on the earth

O Sons and Daughters of Africa
Flesh of the Sun and Flesh of the Sky
Let us make Africa the Tree of life

Let us all unite and toil together
To give the best we have to Africa

The cradle of mankind and fount of culture
Our pride and hope at break of dawn

O Sons and Daughters of Africa
Flesh of the Sun and Flesh of the Sky
Let us make Africa the Tree of life

NATIONAL ANTHEM

Arise, O compatriots, Nigeria's call obey
To serve our fatherland
With love and strength and faith
The labour of our heroes past
Shall never be in vain
To serve with heart and might
One nation bound in freedom, peace and unity.

Oh God of creation, direct our noble cause
Guide our leader's right
Help our youth the truth to know
In love and honesty to grow
And living just and true
Great lofty heights attain
To build a nation where peace and justice shall

NATIONAL PLEDGE

I pledge to Nigeria my Country
To be faithful, loyal and honest
To serve Nigeria with all my strength
To defend her unity
And uphold her honour and glory
So help me God.

May 2021 CONVOCATION CEREMONY
CONGREGATION FRO ADMISSION TO HIGHER DEGREES
(MASTER AND DOCTORATE)
WEDNESDAY, 26 MAY, 2021

Entry of the Academic Procession in Divisions

1. Declaration of the Ceremony Open by the Acting Vice-Chancellor
2. Opening:
 - AU Anthem
 - The National Anthem
 - UI Anthem
3. Call to Congregation (Registrar)
4. Constitution of the Congregation by the Chancellor
5. Address by the Director, Pan African University Life and Earth Science Institute, PAULESI
6. Musical Interlude
7. Address by the Acting Vice-Chancellor
8. Musical Interlude
9. Admission to Higher Degree (Master)
10. Admission to Higher Degree (Doctorate)
11. Musical Interlude

15. Close

ORDER OF PROCEEDINGS

(I)

THE AFRICAN UNION ANTHEM

THE NATIONAL ANTHEM

UI ANTHEM

(II)

CONSTITUTION OF THE CONGREGATION OF THE UNIVERSITY

The Registrar will rise, doff his cap and say:

The Pan African University statute adopted by the twenty sixth ordinary session of the Assembly held in Addis Ababa Ethiopia on 31st January 2016 empowers the University to grant degrees, diplomas and certificates and other distinctions as well to award medals, prizes and other titles. It also provides in accordance with Article II that the President of Council shall preside over all meetings of statutory bodies for purpose of conferring degrees.

I, therefore, humbly invite the Chancellor to constitute this Assembly as a congregation held for the purpose of conferring Degrees and for presenting Special Prizes and Awards.

Chancellor will rise and say:

“I hereby constitute this Assembly as a congregation of the Pan African University for the purpose of conferring Degrees and for presenting Special Prizes and Awards”.

The Chancellor resumes his seat.

(III)

ADDRESS BY THE DIRECTOR

The Registrar will rise, doff his cap and say:

“I now invite the Director to present his graduation address”

The Director delivers his address, and afterwards resumes his seat.

(IV)

MUSICAL INTERLUDE

(V)

ADDRESS BY THE VICE-CHANCELLOR, UNIVERSITY OF IBADAN

THE Registrar will rise, doff his cap and say:

“I now invite the Vice-Chancellor to present his graduation address”

The Vice-chancellor delivers his Address, and afterwards resumes his seat.

(VI)

FANFARE

(V)

ADDRESS BY THE COMMISSIONER, EDUCATION, SCIENCE & TECHNOLOGY AND INNOVATION

The Registrar will rise, doff his cap and say:

“I now invite the Commissioner to present his graduation address”

The Commissioner delivers her address, and afterwards resumes her seat.

(VI)

ADMISSION TO HIGHER DEGREES

“The Registrar will rise, doff his cap and address the Chairperson, African Union (AU), the persons who will be presented have fulfilled the requirement of the Statutes and Regulations of the Pan African University (PAU) and have been found worthy both in character and in learning to be admitted to the Higher Degrees (Masters and Doctorates) of their various Programmes. I, therefore, call upon the Director of the PAULESI to present the Graduands”.

The Registrar will call:

“Will the Higher Degree Graduands please stand”

“The Director of the PAULESI”

(V)

CLOSING

The Vice-Chancellor will declare the congregation closed

LIST OF GRADUANDS

M.Sc REPRODUCTIVE HEALTH SCIENCES

Oluitan Temiloluwa Tejumola	Nigeria
Soko Margaret	Malawi
Dogbe Dede Melissa	Togo
Niyonkuru Arthur	Burundi
Fakorede Emmanuel Oluwabukunmi	Nigeria

M.Sc REPRODUCTIVE BIOLOGY

Otiku Juliet Adhiambo	Kenya
Ahiatrogah Selasie	Ghana
Olojede Olusegun John	Nigeria

M.Sc PLANT BREEDING

Oladejo Omobolanle Olanike	Nigeria
Kafi Salim Hassan Sherif	Sudan
Affram Emmanuel Israel	Ghana
Fassinou Camel Gbenanto	Benin
Oladipo Timilehin Gbemisola	Nigeria

M.Sc MINERAL EXPLORATION

Manishimwe Domina	Rwanda
Nweke Thelma Amara	Nigeria
Gasmalseed Mohammed	Sudan
Hiknone Djonfabe	Chad

M.Sc PETROLEUM GEOSCIENCE

Acheampong Alberta Boakye	Ghana
Okedoyin Omololu Eunice	Nigeria
Dalbon Ahmed Koko Suleiman	Sudan
Ezeh Adanma Veronica	Nigeria

M.Sc ENVIRONMENTAL MANAGEMENT

Obateru Rotimi Oluseyi	Nigeria
Owusu George Kofi	Ghana
Pascal Sena Jules Ahouanvoegbe	Benin
Tibara Yariyu	Uganda
Imfumu Mukanza Edwin	Angola
Atobatele Remilekun Eunice	Nigeria
Ondiek Renish Awuor	Kenya

M.Sc AVIAN MEDICINE

Abdilahi Mohamed Hash	Somalia
Mohamed Sayed Mahmoud Khaled	Egypt
Tesfamichael Eyob	Eritrea
Kolapo Adedamilola Mary	Nigeria
Ntamugabumwe Laurien	Rwanda

LIST OF GRADUANDS

M.Sc VETERINARY VACCINE PRODUCTION AND QUALITY CONTROL

Teshome Tedros	Eritrea
Adeoye Fiyinfoluwa Adedolapo	Nigeria
Awale Abdiqani Hamud	Somaliland
Aynew Daniel Workineh	Ethiopia
Shire Said Aden	Somalia

M.Sc MEDICINAL PLANT RESEARCH AND DRUG DEVELOPMENT

Cham Binta	The Gambia
Ugwuocha Chinasa Favour	Nigeria
Tahir Fatima Alzahra Khalid Ali	Sudan

M.Sc SPORTS MANAGEMENT AND POLICY DEVELOPMENT

Babalola Oluwasegun Mayowa	Nigeria
Uwayo Fabrice	Rwanda
Mtambo Memory Lucy	Malawi
Adetunji Christianah Tolulope	Nigeria
Tamiru Abdi	Ethiopia
Ampumuza Collins Williams	Uganda

DOCTOR OF PHILOSOPHY

REPRODUCTIVE BIOLOGY

Lamprey Emmanuel Ghana

Thesis: Longitudinal Study on the Incidence of Depression and Sexual Dysfunction among Intrauterine Contraceptive Device Users in Accra

Supervisors

Prof. Adesina Oladokun, Prof. Michael A. Okunlola

ENVIRONMENTAL MANAGEMENT

Mshelia Zachariah Haruna Nigeria

Thesis: Evaluation and Modelling of Forest Carbon Capacity of Omo Biosphere Reserve, South Western Nigeria

Supervisors

Prof. A.I Bamgboye, Prof. M.A. Onilude.

Dayou Ephreme Dossavi Benin

Thesis: Assessment of the Level of Tractor Use in Field Operations and Environmental Management in Benin Republic

Supervisors

Prof. E.A. Ajav, Prof. A.I. Bamgboye, Dr. B.K.L. Zokpodo

Onyango Dancan Otieno Kenya

Thesis: Investigating the extent and impacts of lakeside urban development in Lake Victoria Basin, Kenya.

Supervisors

Prof. C.O. Ikporukpo, Dr. O.J. Taiwo

Kazaba Kaseya Paul Congo

Thesis: Human baboon (*Papio kindae* Lonnberg)- Habitat Ecological interactions in a forest- savanna mosaic of the Kundelungu National Park, Democratic Republic of Congo.

Supervisors

Prof. A.O. Aweto, Dr. A.A. Sowunmi

Adekunle Modinat Mosunmola Nigeria

Thesis: Household perception and practices of insitu solid waste segregation for waste minimization and recovery of valuables in Ibadan.

Supervisors

Prof. A.Y. Sangodoyin, Prof. W.B. Wahab

PLANT BREEDING

Ige Adenike Damilola Nigeria

Thesis: Validation of Snp Markers Associated with Resistance to

Mosaic Disease, Carotenoid and Dry Matter Contents for marker-Assisted Selection in Cassava (*Manihot Esculenta* Crantz)

Supervisors

B. Olasanmi, Ismail Y. Rabbi, Peter Kulakow, Elizabeth Parkes.

Edematie Victoria Nigeria

Thesis: Inheritance of Resistance to Bean Common Mosaic Virus (BCMV) and Agronomic Traits in Cowpea [*Vigna Unguiculata* (L.) Walp.]

Supervisors

Prof. V.O. Adetimirin, Dr. C.A. Fatokun, Dr. P. Lava Kumar, Dr. O. Boukar

Zebire Degife Asefa Ethiopia

Thesis: Effectiveness of maize (*Zea mays* L.) inbreds with varying resistance reactions to *S. hermonthica* as testers for the assessment of combining ability of Striga resistant inbred lines.

Supervisors

Prof. V.O. Adetimirin, Dr. Abebe Menkir, Dr. Melaku Gedil

PETROLEUM GEOSCIENCE

Negessu Damenu Adefris Ethiopia

Thesis: Geological Evolution, Source Rock and Reservoir Potential of The Jurassic Antalo Limestone, Mekelle Basin, Northern Ethiopia

Supervisors

Prof. M.E. Nton, Dr. O.A. Boboye, Dr. Balemwal Atnafu

MINERAL EXPLORATION

Abdus-Salam Maryam Olamide Nigeria

Thesis: Geochemical and Mineralogical Characterization of Lithologic Units and Topsoils of Itasa Area Southwestern Nigeria.

Supervisors

Dr. Anthony T. Bolarinwa, Dr. Akinade S. Olatunji

Omotunde Victoria Bolaji Nigeria

Thesis: Geology and Mineralisation Potential of Part of Ilorin Sheet 223 SE, Southwestern Nigeria

Supervisors

Dr. Akinade S. Olatunji, Prof. Olugbenga A. Ehinola

Fagbohun Babatunde Joseph Nigeria
Thesis: Spatial Analysis of Gold Occurrences and Regional Prospectivity
Delineation in the Zuru Schist Belt, Northwest Nigeria

Supervisors

Dr. A.A. Omitogun, Dr. O.A. Bamisaiye, Dr. F.J. Ayoola.

Adjo Fatchessin Bruno Benin
Thesis: Geological Studies and Metallogensis of Gold Mineralisa
tion in the Nattingou Area, Atacora Structural Unit, Northwestern Benin
Republic.

Supervisors

Dr. A.T. Bolarinwa, Dr. L.C. Adissin Glodji, Prof. P.M. Nude
